

## Data Sharing Statement

<b>Article Info</b>	http://dx.doi.org/10.21037/gc-20-612.	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The ultrasound features of 30 NIFTP cases from our center will be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	The study protocol and statistical analysis plan are very simple and fully reported in the manuscript. They will be shared if requested.
5	When will data availability begin?	From the publication date
6	When will data availability end?	Two years within the publication date, since the cases are increasing and more accurate findings are revealed.
7	To whom will you share the data?	Endocrinologists and radiologists who are interested in studies of NIFTP.
8	For what type of analysis or purpose?	For analysis to evaluate the role of ultrasound in the recognition of NIFTP.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: <a href="mailto:xiayupumch@126.com">xiayupumch@126.com</a>
10	Any other restrictions?	We may consider the purpose and risk behind each request and provide the data when appropriate.
